**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Commissioner:

Applicants submit herewith a copy of published German patent document 197 02 012 A1 and a Supplementary Partial European Search Report that was received in the European counterpart to the above-identified application.

Pursuant to 37 CFR § 1.98(a)(3), a translation of the German patent document is being submitted herewith. The translation was provided automatically from the EPO website and is all that is reasonably available to Applicants. Applicants make no representations about the accuracy or completeness of the translation. The relevance of the German patent document is believed to be that it discloses an electronic play cube with an integrated movement detector, electronics and battery, as well as displays on each side.

Applicants have listed publication dates on the attached IDS form based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the dates indicated.

Applicants believe that the claimed invention is patentable over all of the cited information and hereby reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This Statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

Respectfully submitted,

Michael K. Lindsey, Reg. No. 39,278
